Covington Builders, Ltd.

Robert Covington, president of Covington Builders, arrived in Houston from his native Baton Rouge almost 17 years ago with one dream: to own his own home construction business. Teaming with his wife, Mina, Robert established Covington Builders in 1995 and has watched it grow to a well-established, highly respected company with over 150 home constructions and remodels in all of Houston's traditional neighborhoods.

Robert believes that the home construction process is a working partnership between himself and the owner, resulting in a finished product both parties regard with pride. The company's extensive experience with gourmet kitchens, home theaters, game rooms, wine rooms, summer kitchens, landscaping and sophisticated pools ensures that each client's unique vision is realized. Covington Builders has built their reputation for excellence, honesty and integrity one satisfied customer at a time.

In 2006, Robert and Mina Covington and trusted Realtor and longtime friend Peggy Dunne made a joint decision to associate with Martha Turner Properties. Peggy's business and social affiliations with the Covingtons stretch back nine years, and she has sold almost all of his homes for the general market. "A client told me that I needed to see a fabulous house Robert had just completed. I did and realized immediately what a fine craftsman he was," says Peggy.

Covington Builders has been honored by Baylor College of Medicine as the host builder for the 2008 Pink Ribbon House. The Pink Ribbon House is an annual project benefiting breast cancer research at Baylor College of Medicine and raises funds through design, decorating and touring of each selected home. Pink Ribbon House 2008 is under construction at 5316 Longmont in Tanglewood and will feature the thoughtful architecture, high quality finishes, and attention to detail synonymous with Covington Builders, Ltd.
